A

**(25) Connectors**

B

**(9) Shelves**

C

**(14) Upright Shelves**

- NOTE:
1. Differences in panels!
  2. Do not overload shelves!
  3. Standard design is 2-up/ 3-wide OR 3-up/ 2-wide (see diagrams on next page).
  4. Add or subtract cubes, as desired, to custom-fit your space.

### **IMPORTANT! Please read prior to use.**

This cube organizer is designed for indoor use. Please do not overload. We recommend that you store the heaviest items closest to the floor and secure shelving unit to a wall. Please do not use shelving unit for anything other than its intended use.

MONDAY - FRIDAY 10:00am - 6:00pm EST

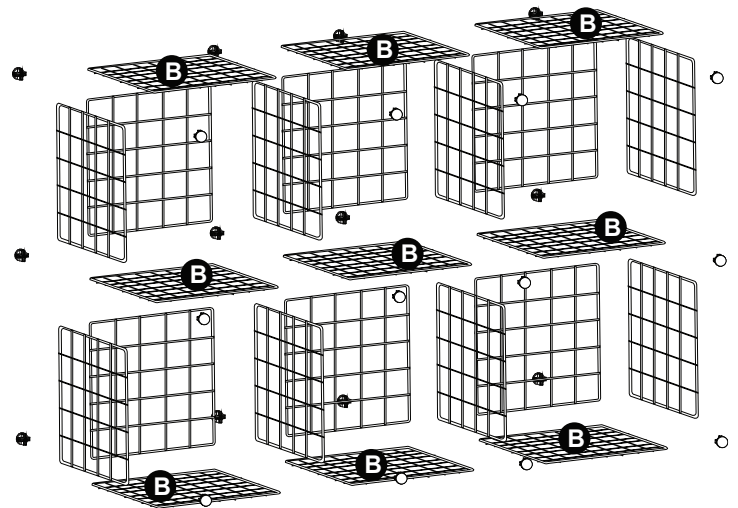

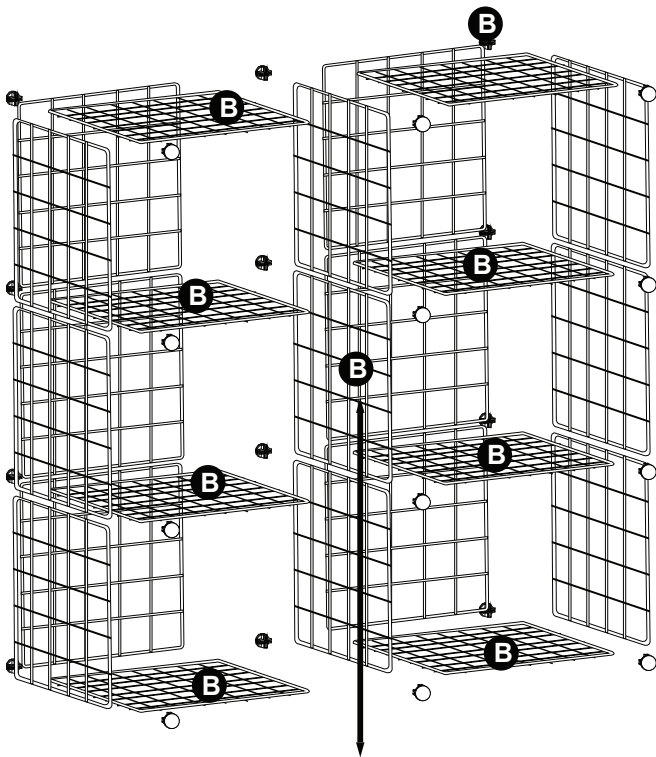

LUNES - VIERNES

[info@orbithome.com](mailto:info@orbithome.com)
**3**

MODEL / MODELO: 43570

## Before You Begin!

1. Unpack the carton and lay out all the parts described on the parts list with diagrams. (Page 3)
2. Unfold the carton and lay it on the ground as a working surface to prevent product damage during assembly.
3. Check for damaged or missing parts.  
Call 1-877-282-6195 or email: [info@orbithome.com](mailto:info@orbithome.com) for further assistance.

For this design, use 1 shelf (B) as an upright!  
Use the shelf in a center location.

MODEL / MODELO: 43570

## STEP 1

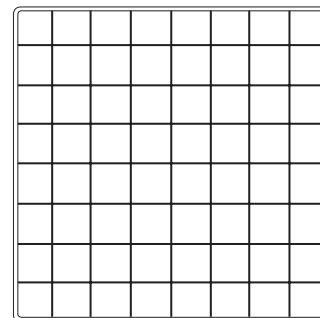

Push a connector onto each corner of one shelf (B) as shown (shelves go into cross slots!)

**(A) x 4 Connectors**

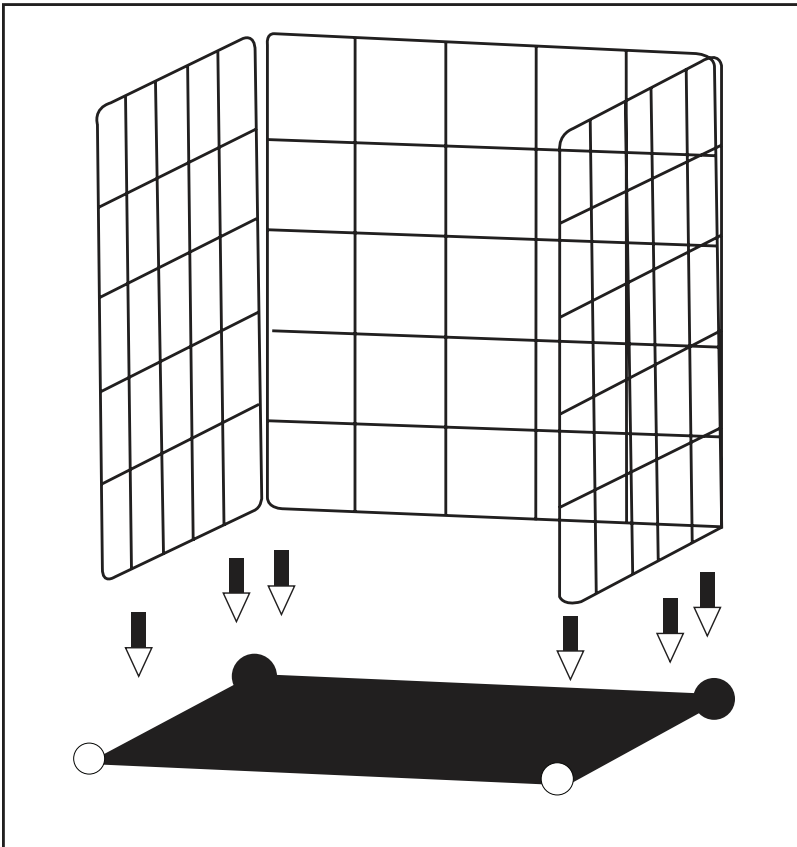

**(B) x 1 Shelf**

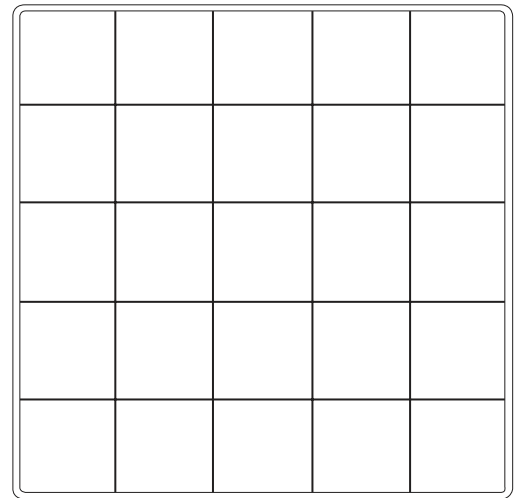

## STEP 2

Push upright (C) down into connectors.

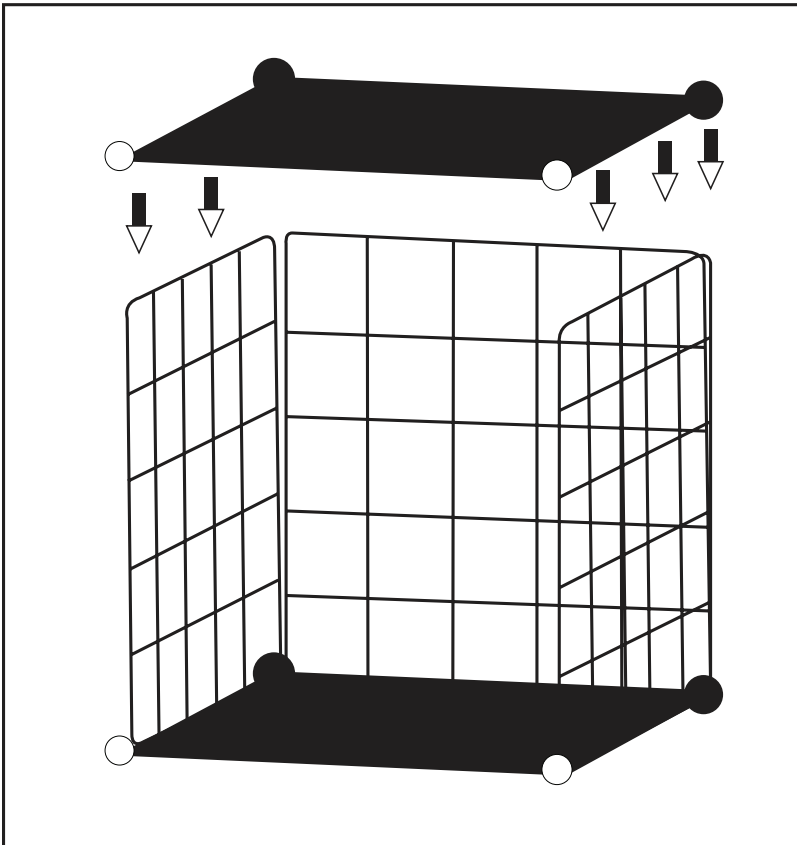

**(C) x 3 Upright**

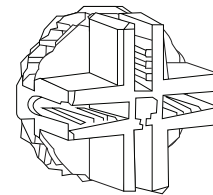

## STEP 3

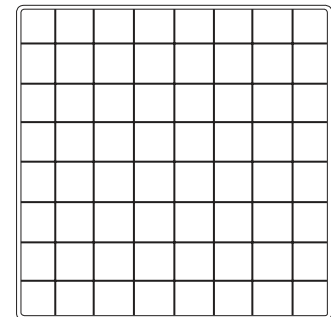

Push connector onto each corner of another shelf (B). Push shelf connectors down onto uprights (C). Continue up for desired number of cubes.

### (A) x 4 Connectors

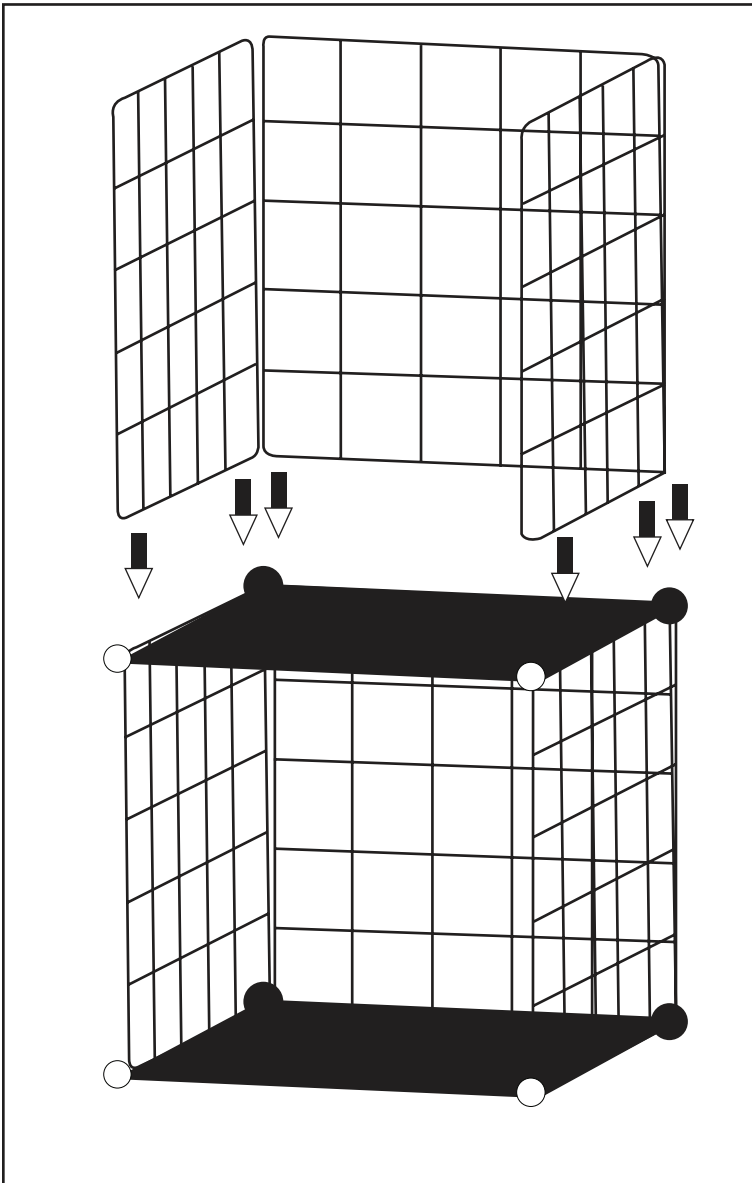

### (B) x 1 Shelf

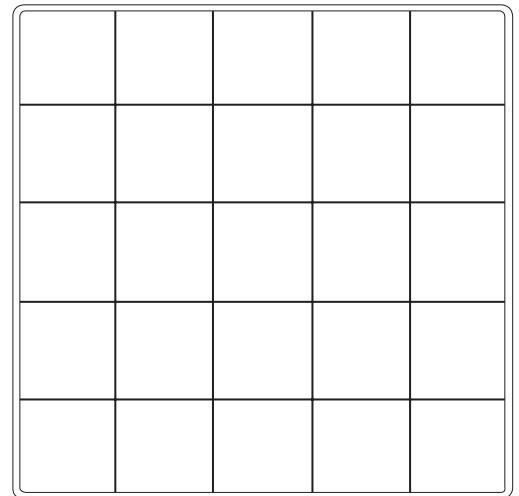

# STEP 4

Repeat step 2 for remaining cubes.

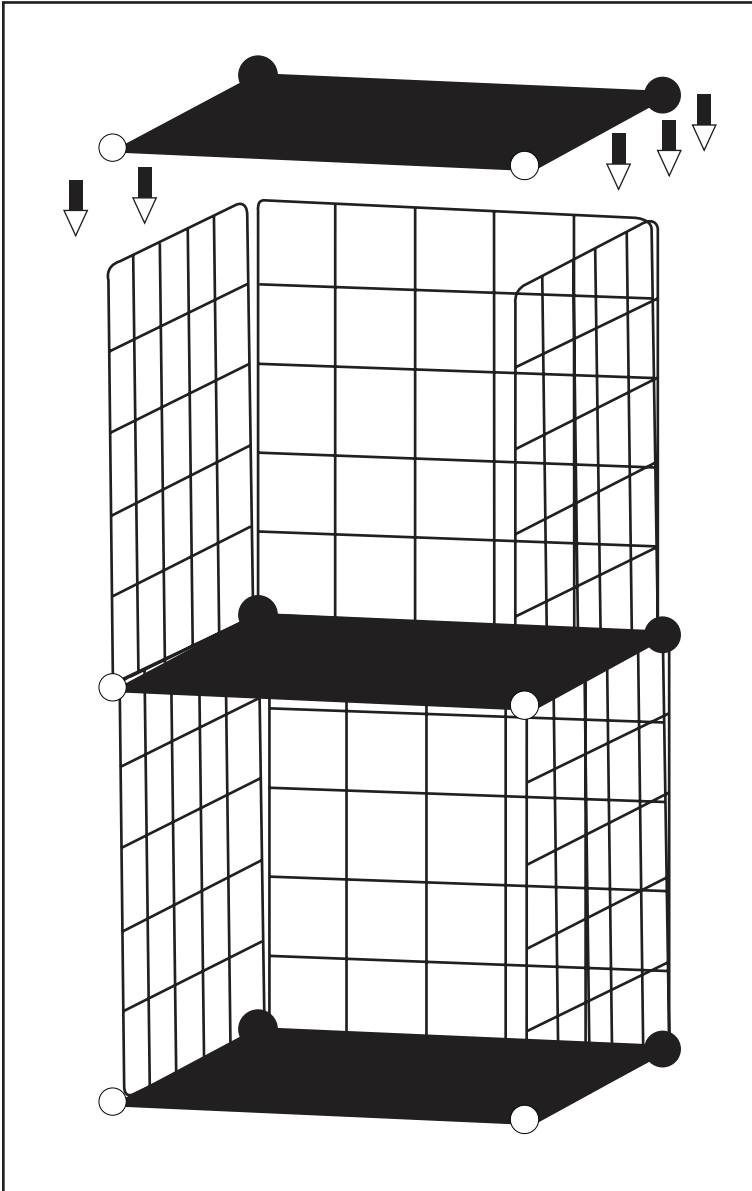

**(C) x 3 Upright**

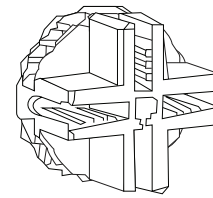

## STEP 5

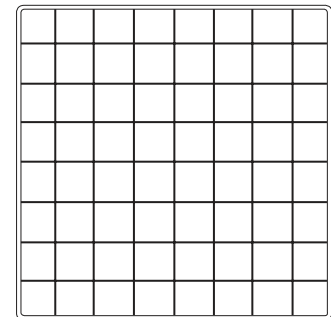

Repeat step 3 for remaining cubes.

**(A) x 4 Connectors**

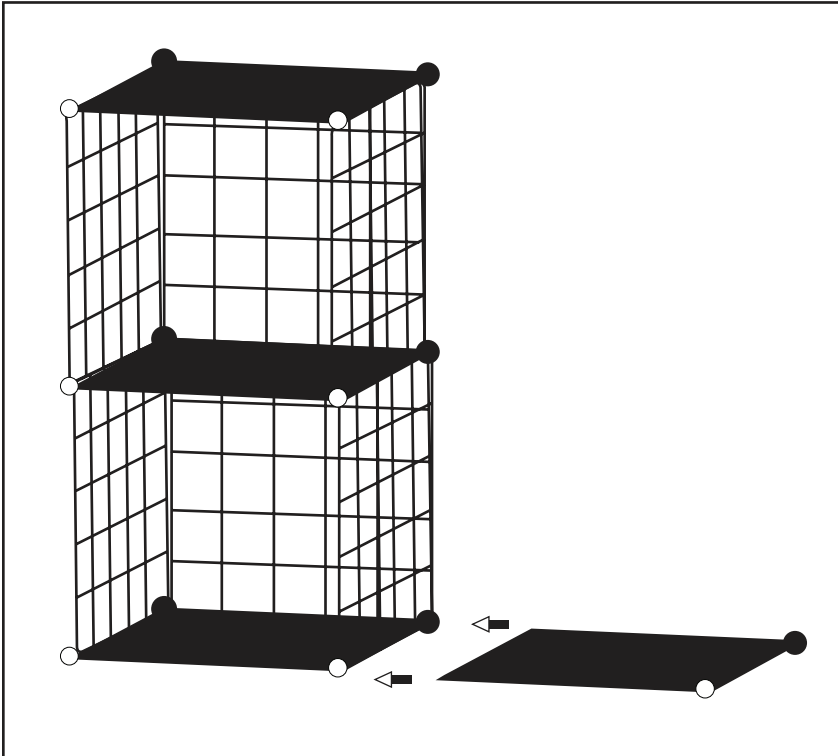

**(B) x 1 Shelf**

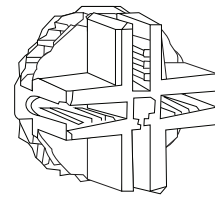

# STEP 6

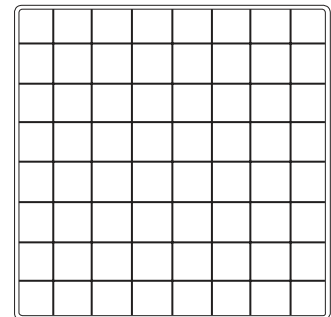

Repeat step 1 for remaining cubes.

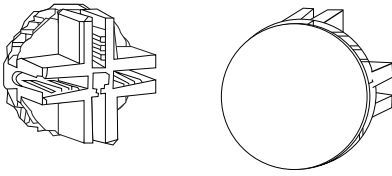

**(A) x 4 Connectors**

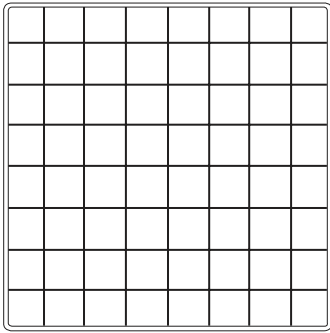

**(B) x 1 Shelf**

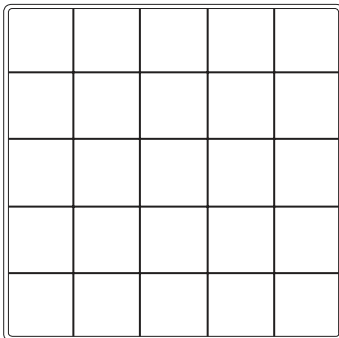

A

**(25) Conectores**

B

**(9) Estantes**

C

**(14) Estantes verticales**

- NOTA:
1. ¡Los paneles son diferentes!
  2. ¡No sobrecargar los estantes!
  3. Los diseños estándar son 2 cubos de alto / 3 de ancho o 3 de alto / 2 de ancho (ver diagramas de la página siguiente).
  4. Ponga o quite los cubos, según lo desee, para personalizar su espacio disponible.

### ¡IMPORTANTE! Por favor, leer antes de usarlo.

Este organizador de cubos está diseñado para utilizarse en interiores. No lo sobrecargue. Le recomendamos que coloque los objetos de mayor peso más cerca del suelo y que asegure la unidad de estantería a una pared. No use la unidad de estantería para otra cosa que no sea su uso previsto.

11

MODEL / MODELO: 43570

## ¡Antes de comenzar!

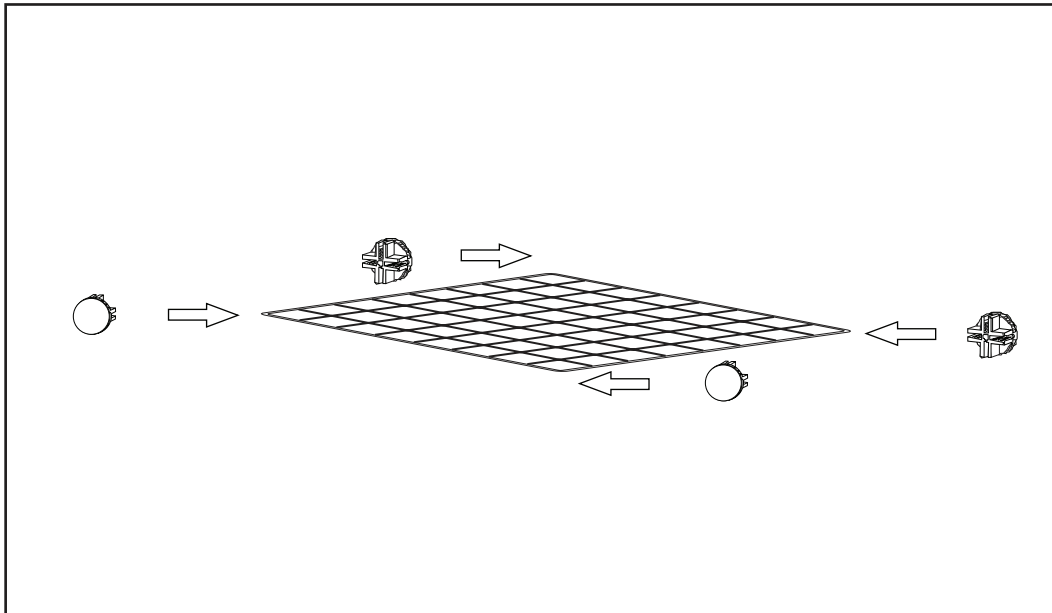

1. Abra la caja y extienda todas las piezas que se describen en la lista de piezas con diagramas (página 3).
2. Despliegue la caja de cartón y colóquela en el suelo como superficie de trabajo para evitar daños al producto durante el ensamblaje.
3. Comprobar si hay piezas dañadas o faltantes. Llamar al 1-877-282-6195 o enviar un correo electrónico a [info@orbithome.com](mailto:info@orbithome.com) para recibir ayuda.

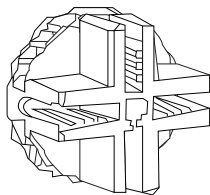

Para este diseño, utilice 1 estante (B) como uno de posición vertical.  
Utilice el estante en una ubicación central.

## PASO 1

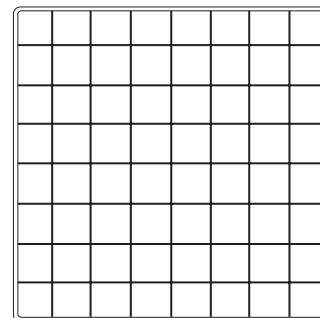

Presionar un conector en cada esquina de un estante (B) como se muestra (¡los estantes van en las ranuras transversales!).

**Conectores (A) x 4**

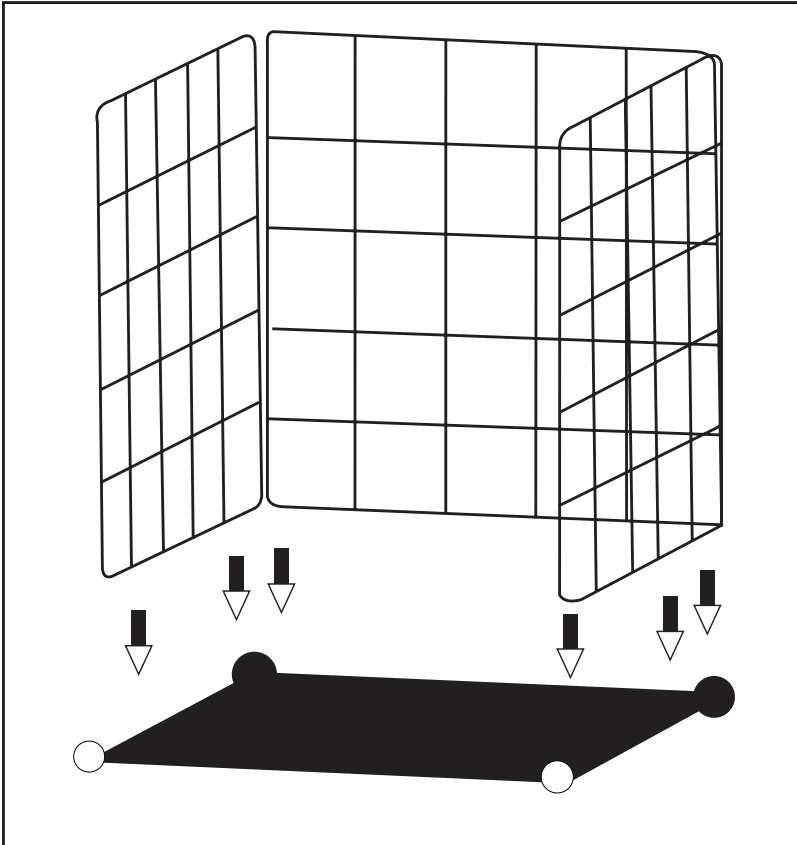

**Estante (B) x 1**

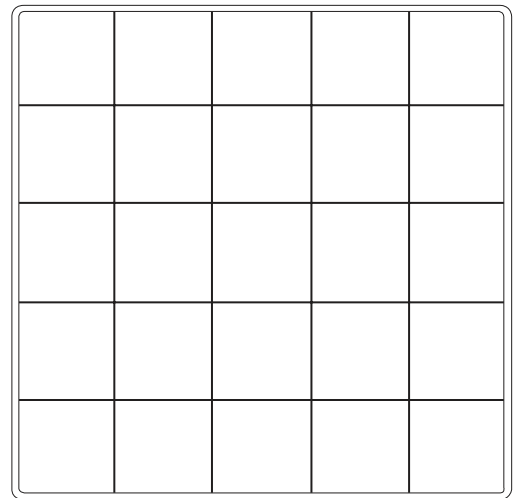

## PASO 2

Presionar el panel vertical (C) hacia abajo en los conectores.

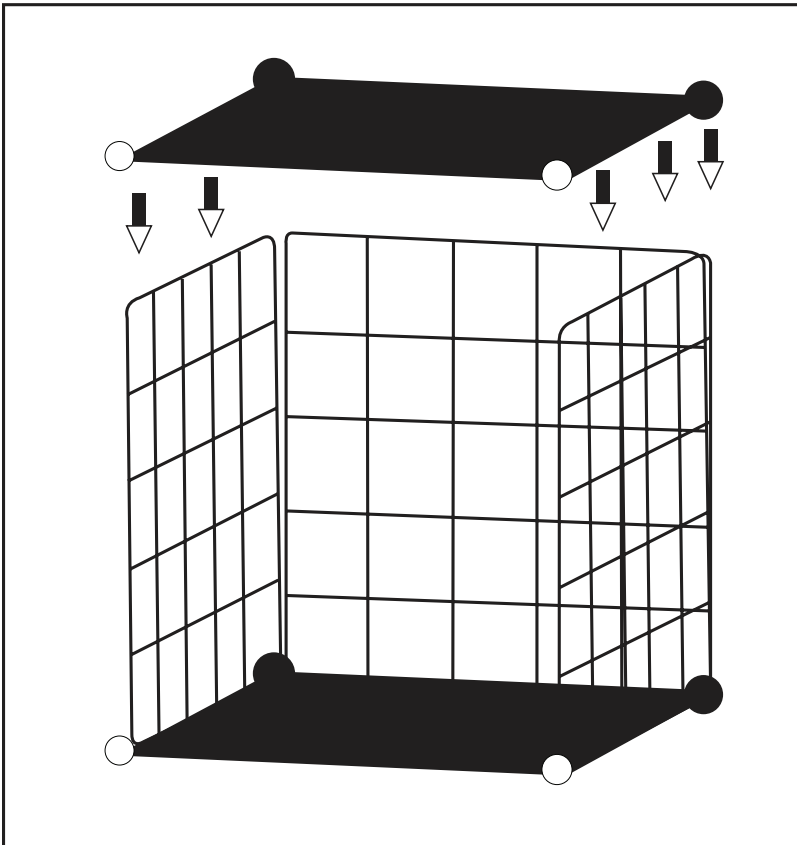

### Paneles verticales (C) x 3

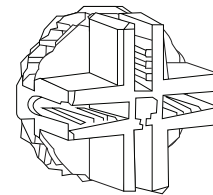

## PASO 3

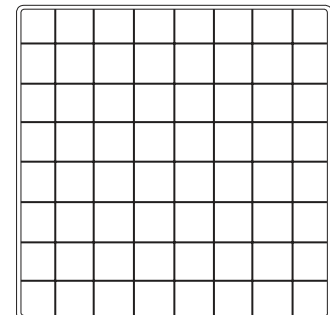

Presionar un conector en cada esquina de otro estante (B). Presionar los conectores de los estantes hacia abajo en los paneles verticales (C). Continuar hasta llegar al número deseado de cubos.

### Conectores (A) x 4

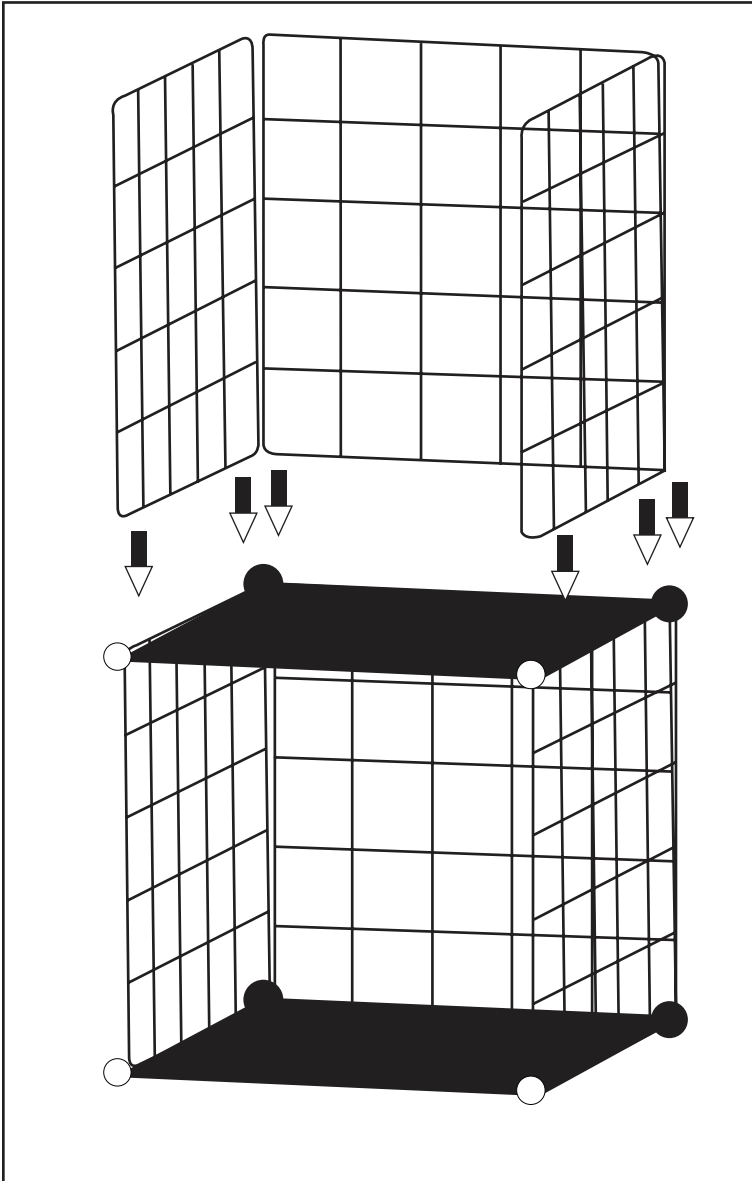

### Estante (B) x 1

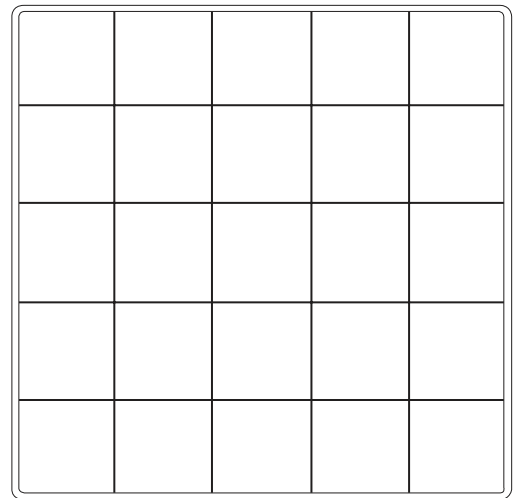

## PASO 4

Repetir el paso 2 para los cubos restantes.

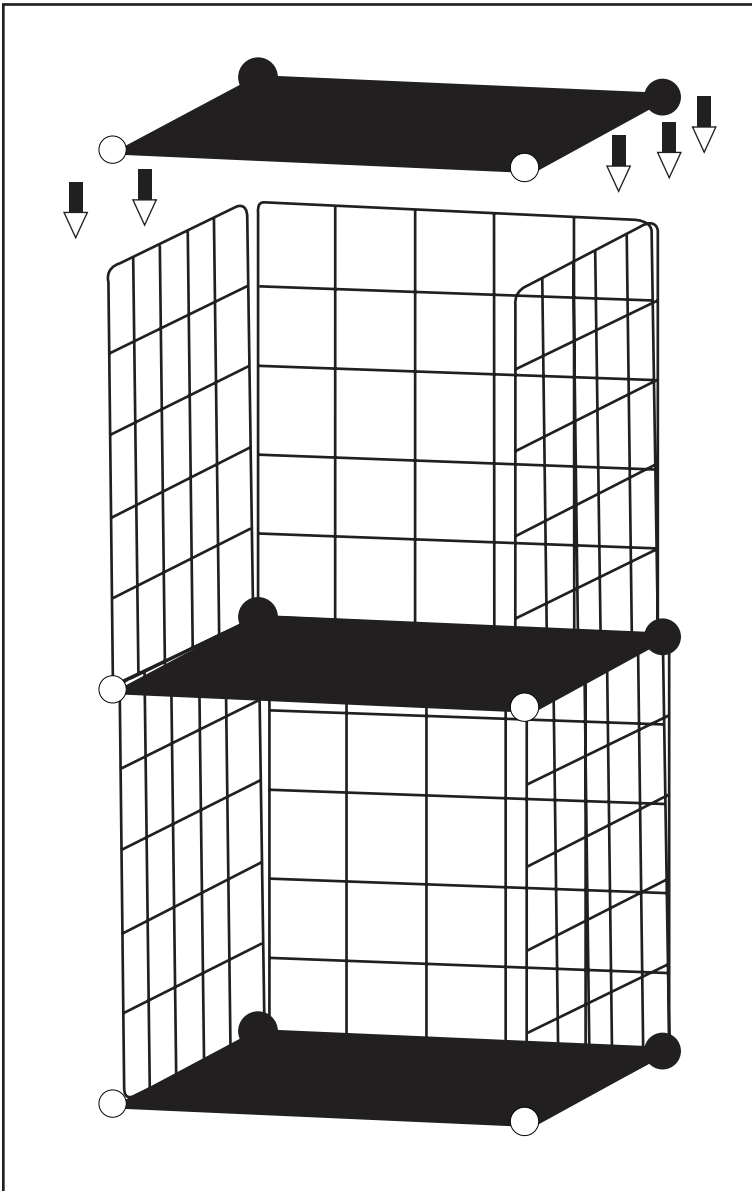

### Paneles verticales (C) x 3

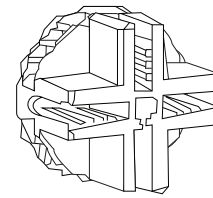

## PASO 5

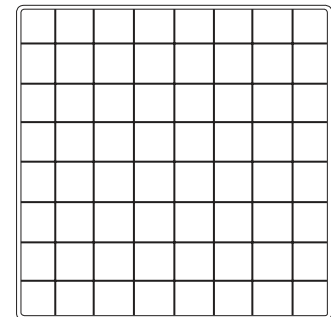

Repetir el paso 3 para los cubos restantes.

### Conectores (A) x 4

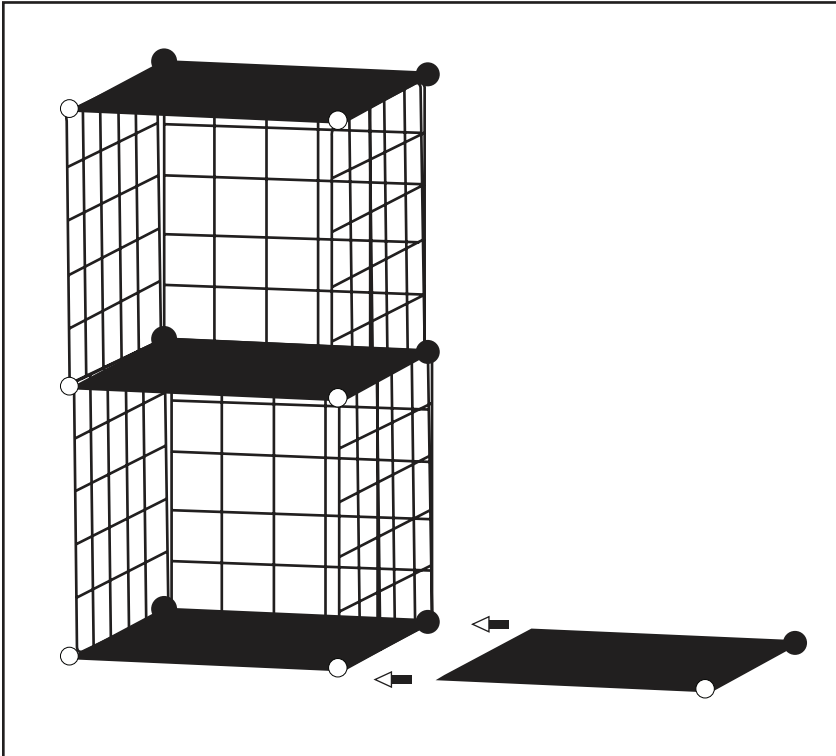

### Estante (B) x 1

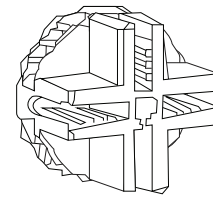

## PASO 6

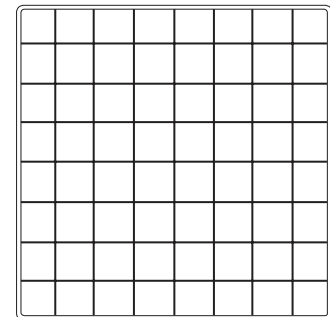

Repetir el paso 1 para los cubos restantes.

### Conectores (A) x 4

### Estante (B) x 1
